ALL ABOUT US

New Era Office has its origins in the 1970's. Our founding father the late Mr Tony Pillay had a vision that was "To offer all our customers a holistic office culture which was enhanced by furniture rather than just furniture!". A vision that has persisted within the company for 40 years and that has become our daily mission.

Mr and Mrs Pillay started operating the business in a home based garage during a dark political time South African History. They faced many challenges and difficulties, yet they continued to persevere and over came a number of obstacles to create a truly great organisation that is dedicated to setting the industry standards in service, quality and delivery.

Today New Era Office has factories, show rooms, branch offices and agencies through South Africa with definitive plans to expand into the African continent. The company is owned and operated by Mr. Tony Pillay's son Kuban Pillay.

Our Mission

**To provide quality office furniture
at the best possible price to the African continent.**
